

IN THE SPECIFICATION:

Page 1, LINES 1 to 5, replace the paragraph with the following amended paragraph.

BACKGROUND OF THE INVENTION

FIELD OF THE INVENTION

The invention relates to a method for regulating the vacuum supply of calibration tools, ~~said~~the tools comprisingincluding at least one dry calibration tool and at least one calibration bath, by which at least one vacuum pump is brought into contact with a calibration tool in order to draw air from the calibration tool, the pressure in ~~said~~the calibration tool being regulated to a target value by means of a control valve.

THE PRIOR ART

Page 2, between lines 18 and 19, insert the following topic heading.

SUMMARY OF THE INVENTION

Page 4, between lines 23 and 24, insert the following topic heading.

BRIEF DESCRIPTION OF THE FIGURE

Page 4, between lines 26 and 27, insert the following topic heading.

DETAILED DESCRIPTION OF THE PREFERRED EMBODIMENT
